

The most **life-transforming** ministry we can offer an **unreached** group is a simple **Body-of-Christ** planted **in their midst** to live-out all of the basic functions or **life-rhythms** of the church

complimentary DVD & micro-tools available on request

Pastors and College Ministers can mentor a spiritually healthy student (2 Tim 2:2) as the servant-leader of an on-site Body-of-Christ to reach overlooked friends (in every micro-culture) who have mentally distanced themselves from the regular church building.

Plant them as an extension of your church into an unreached group of friends...a volunteer-led Body-of-Christ that you can include and celebrate with as part of your church's total spiritual fruit.

College Students Being the Body-of-Christ...
